

JUDGES UPDATE-COVID

January 8, 2021

I'm sorry it has been a while since the last update. Most of December, my wife and I have been fighting Covid ourselves. I want to thank each of you for the many prayers and let us continue to pray for the people that are fighting this virus asking for God's healing and protection. Please have continued prayers to the families that have lost love ones to this virus. The County has about 5 or so active cases at this point. Let us continue to follow the guidelines set by the CDC, "wearing face coverings, 6ft social distancing, and sanitizing our hands regularly" as it is all so important.

After visiting with Bubba Thomas, administrator for the Hardeman County Hospital, we are hoping that next week we could get our first allotment of vaccines to the Foard County Clinic. We have sent a list of our First Responders, Law Enforcement, and Teacher's and staff as they will get first priority based on the protocols set the Federal Government and the State. You can call the Foard County Clinic, 940-684-1515, and ask to be put on the list for the vaccine. You will be called back based on the protocols you meet. Please be patient for it will be based on how quickly we can get the vaccine.

Let us be thankful as we enter this new year with this vaccine of new hope, God's blessings and removing the dark cloud. Let us Boldly choose to stand in God's light and serve his will.

In Jesus name I Pray

Amen!

Foard County Judge and Commissioners
