

## **UPDATE FROM THE JUDGES OFFICE**

### **COVID-19**

**September 11, 2020**

***As many of you have heard, Foard County has a new surge of active Covid-19 confirmed cases. For now, we know we have ten new confirmed cases and others being tested. The County receives a daily update on confirmed cases only. These come from our Local Hospitals and DSHS. With these local cases increasing, we need to more than ever follow the safety protocols being put out by the CDC which is Staying at home. If you are sick or have been confirmed positive with Covid-19 contact your Doctor. If you have been exposed, you need to follow the same protocol, by staying at home for the required quarantine time as this is very important! Everyone needs to limit social gathering as much as possible. When we are out in the public wear a face covering or mask, keep your six-foot distance, and sanitize your hands regularly. We need all of us to do our part to protect one another. This is the only way to limit our exposure in keeping our Community safe. Please remember "Our lives depend on our Actions."***

***As we pray each day remember to pray for the ones that have been confirmed and, also, the others that have been exposed.***

***May we continue to ask God's protection over Foard County. Amen***

***Respectfully,***

***Foard County Judge and Commissioners***
